

Dear Friends and
Neighbors:

We are happy to let you know that the construction of the NEW Orlean Volunteer Fire and Rescue station has begun.

WE NEED YOUR HELP!!

The Department has been charged with raising additional funds to complete this project.

We have listed some of the

ways that *YOU* can help. Please take this list home and be sure to share with friends, family and neighbors. Remember this is your fire and rescue department; please help us make that thermometer go up.

OPPORTUNITIES TO CONTRIBUTE:

- **SMILE.AMAZON** Your purchases on Smile.Amazon can return some bonus funds to OVFRD. Just click on their website to get directions for adding your donation to us.
- **BUY- A- BRICK** Donated bricks may be purchased for \$250. This is a great way to remember a friend, neighbor or community member who has contributed to the life of our community. The bricks will be incorporated into the final landscaping of the new station..
- **T-SHIRTS FOR SALE** The purchase of a shirt shows your support of our volunteers and the work which they do for our community by providing fire and emergency medical services. Red and blue are available. Wear yours proudly!
- **GO FUND ME ACCOUNT** Go to the Go Fund Me page on your computer and list the Orlean Volunteer Fire and Rescue Department. This is a simple way to make that year end donation and get a tax credit.

These are suggestions of ways that you may help with the new fire and rescue station. Please feel free to add other ideas yourself. Your help is always needed and appreciated.

Mary, Sharon, Alison, Anne, Ken, Doug, Kathy, and Jay
